VENTURE.

THIS fast trotting stallion has been withdrawn from training and will now be kept for stock purposes exclusively. He has shown as much speed as any ever and had it not been for an accident which befell him a few days before the race, he being dead lame on the 11th, we think that he would have given the gang a hard tussle for the money. He is now all right again, and is being regularly jogged at the track, and can show close to a 2:30 clip at any time that he is called upon. This kind of treatment has been found by long experience to be the right plan to adopt with a stallion, as by it he is not only a surer foal-getter, but also he will transmit a greater amount of speed, energy and vigor to his offspring. This plan is now the rule in all of the large breeding establishments everywhere. To parties owning good mares this is an opportunity that should not be neglected, for Venture, with his fine breeding and great speed, I consider the most desirable stock horse in the country. Mr. Campbell tells me that of all of the horses that he has imported to this country, which is probably a dozen or more, he likes his colts by Venture better than any of them, which is surely proof enough of his qualities as a stock-getter. Mares will be taken to the Park and returned free of charge. For any additional particulars apply to corner of Punchbowl and Queen Streets.
